## COMMUNITY SUPERVISION

# Community Supervision

**Coordinate Supervision, Services and Outcomes.**

GovAI Community Supervision supports agencies and programs responsible for monitoring individuals in the community. It brings case information, activities, requirements, communication and reporting into a structured operational environment and includes Electronic Monitoring within the solution area.

## A COMPLETE SUPERVISION MANAGEMENT SOLUTION

Brings people, programs and information together to support effective community supervision.

### Core Supervision Tools

#### Case and Participant Information

Maintain complete, up-to-date case records and participant profiles.

#### Program Requirements and Activity Tracking

Track requirements, completion status and supervision activities.

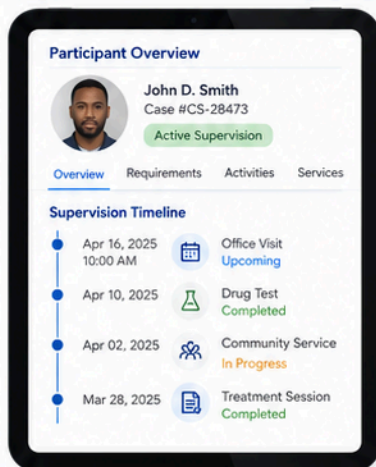

#### Appointments, Tasks and Notes

Manage appointments, tasks and case notes in one place.

#### Provider and Service Coordination

Coordinate with treatment providers and community services.

**All key information in one place.  
Clear next steps.**

### Monitoring and Oversight

#### Compliance Monitoring and Alerts

Monitor compliance with conditions and receive notifications for important events.

#### Electronic Monitoring Connections

Integrate Electronic Monitoring data to support supervision and compliance oversight.

#### Dashboards and Reporting

Access real-time dashboards and reports to track outcomes, workloads and program performance.

## Benefits for Your Agency

#### Improve Operational Visibility

See the full picture across cases, activities and services.

#### Support Coordinated Supervision

Keep staff, providers and programs aligned.

#### Connect Services and Monitoring Activity

Unify supervision, treatment and Electronic Monitoring.

#### Strengthen Compliance Documentation and Reporting

Maintain clear, consistent records for accountability.

**IDEAL FOR** | Community supervision programs | Probation and parole services | Pretrial and diversion programs | Treatment courts and specialty programs
