CORRECTIONS

Inmate Management

Operational Visibility for
Correctional Workflows.

GovAI Inmate Management helps correctional teams manage inmate records, operational activity, and day-to-day workflows while improving organization, visibility, and administrative efficiency.

A MODERN FOUNDATION FOR CORRECTIONAL WORKFLOWS

Streamline inmate management, improve operational visibility, and support a more efficient facility.

Inmate Records

Organize core information in one place.

Operational Tracking

Support day-to-day activity and status visibility.

Document Management

Keep important records accessible.

Workflow Support

Help staff manage routine processes and coordination.

Reporting + Oversight

Configurable reporting and visibility.

Administrative Efficiency

Reduce repetitive work.

Connected Services

Support connected justice workflows.

Improved Organization

Keep information easier to access and manage.

Benefits for Your Agency

Improve Organization

Keep inmate information structured and accessible.

Support Operations

Enable more efficient day-to-day workflows.

Reduce Admin Work

Minimize repetitive tasks and manual processes.

Strengthen Visibility

Gain better operational insight and oversight.

IDEAL FOR

| Corrections Agencies

| Jail Staff

| Supervisors

| Administrative Teams
