INTELLIGENT INFORMATION SERVICES

Intelligent Connect

Connect Staff to Approved Information More Efficiently.

Intelligent Connect brings together GovAI capabilities that help authorized users work with approved audio, documents, and case information. It provides a clear pathway to tools designed to make information easier to capture, organize, search, and use within government workflows.

A CONNECTED INFORMATION WORKFLOW

Designed to help authorized staff locate, organize, and use approved information more efficiently.

Core Access

OnRecord
for approved audio
and text workflows.

Docu Connect
for approved document
workflows.

**Role-based access
and security**

**Connections to applicable
GovAI management
solutions.**

**Connected tools.
Faster information access.**

Why It Matters

Reduce time spent
locating approved
information.

Support more organized
information workflows.

Connect intelligent tools
to operational processes.

Maintain agency control
and professional review.

Benefits for Your Agency

Faster Access
Find approved
information quickly
and easily.

Better Organization
Keep information
structured and
accessible.

Connected Workflows
Link information and
tools across your
operations.

Controlled Information Use
Support security,
compliance, and
professional review.

IDEAL FOR

Probation & Pretrial

District Attorney

Public Defender

Authorized Government Professionals
