AUDIO / TEXT

OnRecord

Audio + Text Intelligence for Justice Workflows.

OnRecord helps agencies capture audio, organize text output, support transcription and review activity, and improve access to searchable information.

A MODERN FOUNDATION FOR AUDIO + TEXT WORKFLOWS

Organize recorded content, surface searchable text, and support faster review.

Audio Capture

Support organized recording activity.

Transcription Support

Convert spoken content into usable text.

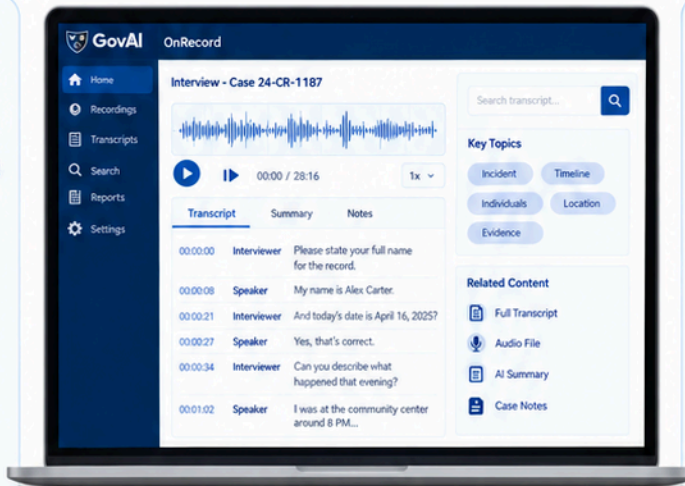

Searchable Content

Help staff find relevant information quickly.

Review Workflow

Support notes, review, and follow-up activity.

Reporting + Visibility

Improve oversight into recorded activity.

Administrative Efficiency

Reduce manual review effort.

Connected Services

Support broader justice workflows.

Better Access

Keep information easier to review and reference.

One connected platform. Better information. Stronger decisions.

Benefits for Your Agency

Support Documentation

Create consistent, accurate records.

Save Time

Reduce manual note-taking and review.

Improve Searchability

Find the right information faster.

Strengthen Visibility

Increase transparency and oversight.

IDEAL FOR

Courts

Probation Agencies

District Attorney Offices

Public Defender Offices
