

ADULT PROBATION

Provider Connect

Connected Provider Coordination.
Better Community Support.

Provider Connect helps agencies and approved service partners securely share authorized updates, referrals, documents, and service information. It supports better coordination across supervision workflows while reducing fragmented email, fax, and phone communication.

CONNECT PROVIDERS. SHARE UPDATES. SUPPORT BETTER OUTCOMES.

A CONNECTED PROVIDER PORTAL FOR COMMUNITY SUPERVISION

Give agencies and approved partners a structured way to share information and coordinate services.

Key Capabilities

Secure Provider Access

Authorized partners access approved information through a structured portal.

Referrals & Status Updates

Share referral details, service activity, and progress updates.

Document Exchange

Upload and review approved forms, documents, and related information.

Role-Based Permissions

Support controlled access, visibility, and auditability.

Clear information. Better coordination.

Additional Benefits

Improved Coordination

Reduce fragmented communication across agency and provider workflows.

Operational Efficiency

Limit manual follow-up and streamline information sharing.

Stronger Documentation

Keep authorized service records and updates organized.

Better Visibility

Improve awareness of provider activity and service progress.

Benefits for Your Agency

Streamline Referrals

Support a more organized referral process.

Save Staff Time

Reduce repetitive outreach and manual tracking.

Improve Service Visibility

See authorized updates and activity more clearly.

Support Better Outcomes

Strengthen coordination around supervision-related services.

IDEAL FOR

Probation and pretrial agencies

Treatment providers

Behavioral health organizations

Social service partners

Community programs
