Public Defender

Case Management Built for Defense Workflows

GovAI Public Defender helps offices manage case information, documents, tasks, and court activity so teams can stay organized and support client advocacy more effectively.

A MODERN FOUNDATION FOR DEFENSE WORKFLOWS

Streamline case management, reduce administrative burden, and strengthen client advocacy.

Case Records

Manage key case and client information.

Document Access

Organize files and supporting materials.

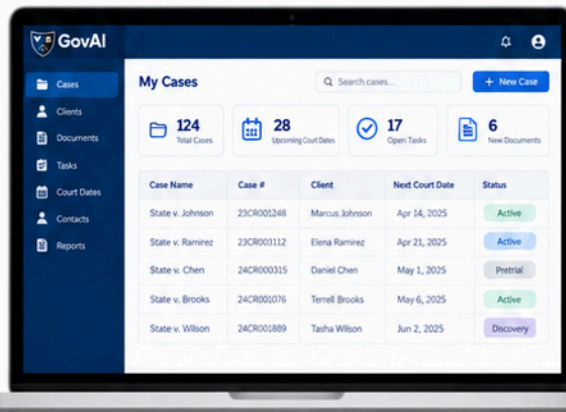

Task Support

Keep deadlines and activities visible.

Court Information

Maintain access to important hearing and case details.

Team Coordination

Support attorneys, investigators, and staff.

Workflow Visibility

Improve day-to-day organization.

Connected Services

Support broader justice workflows.

Administrative Efficiency

Reduce repetitive work and improve consistency.

Benefits for Your Agency

Improve Organization

Keep case information, documents, and tasks in one place.

Support Advocacy

Give your team more time to focus on clients and stronger outcomes.

Reduce Admin Work

Automate routine tasks and eliminate duplicate effort.

Strengthen Visibility

Gain greater insight into caseloads, deadlines, and court activity.

IDEAL FOR

Public Defender Offices

Attorneys

Investigators

Support Staff
